

# Simply Red - Close To You

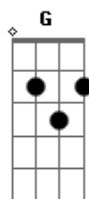

Tom: **G**

Intro: **Em Am Em Am**

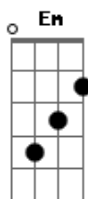

**Em**  
This land is real, real as the next man  
**Am**  
this land is there for all to see  
**Em**  
you're standing there so cold and calm  
**Am**  
you stand so close to me!...  
**D C**  
And you out there can keep away  
**C Em**  
there's nothing owed to you:  
**Em Am**  
all I want is to lose myself and stay so close to you.  
**Em Am**  
The river is cruel its pipes are sprayed with long forgotten  
names  
**Em Am**  
big boys now with kids whose lives will never feel the same.  
**D C**  
If you out there don't get what I say, there's nothing owed  
**Em**  
to you,  
**Em Am**  
to feel that way is born inside no matter what you do.  
**Am**

I wonder how my fortune fell  
**Em Bm**  
when everything began to melt  
**Am**  
the case I had for wasting that  
**Em**  
that never came  
**Bm Am C Em**  
I want to walk away again!!  
**Am C Em**  
Away again!!  
**Am C Em**  
Away again!! **Em C D Em** ( INSTRUMENTAL - REPETE 6x ) **Em Am Em**  
**Am**  
**Em**  
There to wonder how those things will never be  
**Em Am**  
searching for that grand illusion fools have called the key.  
**D C C**  
If you don't care just keep away, how can I give hope to  
you?  
**Em Am**  
Nearer now are both our futures, me, our hearts and you  
**Em Am**  
and yet all I want is to lose myself and stay so close to  
you.  
**Em Am D Em Am Em**  
All I want is stay so close to you!...
