

Sinead Harnett - Body

tom:

Intro: Gm Bb Eb D7

[Primeira Parte]

I tried to wean you off
I tried to leave
To say I quit the drug
To say I'm beat
But the word it chases me around every day
Goodbye can't seem to find my mouth
In any way, so

[Refrão]

I'll give you my body
Just don't tell nobody
I'll give you my body
'Cause being without you is impossible
I'd rather be with you and be vulnerable

[Segunda Parte]

I pretend to my friends in the meantime
Or they'll tell me that I'm a fool
But I wouldn't be able to feel love
If it wasn't for breaking rules
Maybe fueling the fire means
I'm definitely crazy
Guess I'm willing to burn, If you're the

One who comes to save me
And the thought it chases me around every day
That you're dangerous
But I can't resist in any way, so

[Refrão]

I'll give you my body
Once again but
Just don't tell nobody
Just keep it in and
I'll give you my body
'Cause being without you is impossible
I'd rather be with you and be vulnerable

[Terceira Parte]

Familiar choreography
Silence synchronicity
Only you take all of me
[Refrão]

I'll give you my body

Once again but
Just don't tell nobody

Just keep it in and
I'll give you my body

'Cause being without you is impossible
I'd rather be with you and be vulnerable
