

Sivert Høyem - Lioness

tom:
Bm (forma dos acordes no tom de Am)
Capostrate na 2ª casa

You are, you are my lioness
And I am truly blessed
To be your willing plaything
We laugh like languid canibal
But it's the lions roar
That sends my blood racing
It's not right what you've done to your heart
It was perfectly fine from the start
I can't get to you
I can't get to you if you won't let me
It's not right what you've done to your heart
It was perfectly fine from the start
I can't get to you
I can't get to you anymore
[Refrão]

There was a line that was drawn in the sand
It was for your own protection
To keep you from things you would never understand
To keep you from asking questions
How on earth will you sleep at night
Knowing what you know now
You wanna blow my mind?
Aah this is the right time
[Segunda Parte]

I learned
I learned so much from you
So waters cannot do
But long for your instruction
I found
Your foot upon my neck

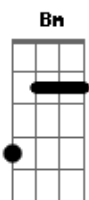

My mistress once a wreck
For her to reconstruct
It's not right what you've done to your heart
It was perfectly fine from the start
I can't get to you
I can't get to you anymore
[Refrão]

There was a line that was drawn in the sand
It was for your own protection
To keep you from things you would never understand
To keep you from asking questions
How on earth will you sleep at night
Knowing what you know now
You wanna blow my mind?
Aah this is the right time
[Terceira Parte]

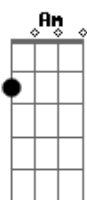

It's your pain of your lovers affection
Do you carry your lovers cross?
From one through eleven and on to fourteen
No there won't be a fifteenth station
Do you long for your lovers affection?
Are you gonna accept your loss?
You see there was a line that was stepped overwords
And never should have been crossed
[Refrão]

There was a line that was drawn in the sand
It was for your own protection
To keep you from things you would never understand
To keep you from asking questions
How on earth will you sleep at night
Knowing what you know now
You wanna blow my mind?
Aah this is the right time
