

# Sixpence None The Richer - Circle Of Error

Tom: C  
Intro: Dmsus F C G Dmsus F C G Dmsus F C G  
Dmsus F C  
I see the wonder setting in over where I am going  
And where I've been and by the way when I kneel to pray  
It never seems you're there and I'll admit that I do not try  
When it's easier to sit down and cry  
I'm so full of doubt, want to let it out  
Let it out all over you  
Chorus:  
On my circle of error, I go round and round  
On my circle of error, I go round and round again  
Dmsus F C  
I'm running things into the ground

G Dmsus F  
All the truth I am seeking has not been found  
And I am weak, all the words I speak bring no passion anymore  
And will I try for happiness  
In the midst of all this emptiness all I want is you  
If I only knew how to get up off this floor  
Chorus (2x)  
Am F C G  
...On my circle of error, I go round and round and round again  
Can I ask, can I fight, can I scream  
For you to forgive the time I've spent on this awful  
Vamp  
Chorus (4x)  
Am F C Am F C  
Repeat And Fade...
