```
                 G
Intro: G  D  Am  C

G                    D
The worst of times collide
                  Am
The best is left behind
                  C
Things we shouldnt see
            G
Taking liberties
                  D
Hung on every word
                   Am
And some Ive never heard
                     C
The love there was to be
                  G  D  Am
This is killing me
 C                G  D  Am
This is killing me
 C                G  D  Am
This is killing me
 C                G  D  C
This is killing me
G                   D
Mistakes leap of faith
                   Am
Thats fallen out of place
                 C
Disguised as unity
              G
The unseen injury
                    D
The slamming of the door
                   Am
That calls a dog to war
                     C
What Is and what shall be
                  G  D  Am
This is killing me
 C                G  D  Am

This is killing me
 C                G
This is killing me
                             D                    Am
We've cut the skin to watch it bleed, but underneath
 C                G  D  Am
This is killing me
D
Before the system shuts us down
  Am
Emotions running underground
 G                           Bm      A
Lets promise that we wont look back on this
D
Theres never right and always wrong
 Am
We've fought for love for far too long
      G                                    Bm    A
Lets free ourselves and lead our separate lives
           C  D
Im gonna fly
           C  D
Im gonna fly
           C  D
Im gonna fly

[Solo] C  G  D  C  G  D
       C  G  D  C  G  D

G                    D
The worst of times collide
                  Am
The best is left behind
                   C
Love there was to be
                  G  D  Am
This is killing me
 C                G  D  Am
This is killing me
                             D                    Am
We've cut the skin to watch it bleed, but underneath
 C                G  D  Am
This is killing me
