

Skillet - Stars

Tom: B

Intro: Abm Gb B

Abm Gb B
You spoke a word and life began
Abm Gb B
Told oceans where to start and where to end
Abm Gb B
You set in motion time and space
Abm Gb B
But still you come, and you calling me by name
Abm Gb B
But still you come, and you calling me by name
CHORUS:

E B
If you can hold the stars in place
Abm Gb
You can hold my heart the same
E B Abm Gb
Whenever I fall away, whenever I start to break
E Abm Gb

So here I am lifting up my heart
Abm Gb B
To the one who holds the stars

Abm Gb B
The deepest depths, the darkest nights
Abm Gb B
Can't separate, can't keep me from your sight
Abm Gb B
I get so lost, forget my way
Abm Gb B
But still you love, and you don't forget my name

(chorus)
Abm Gb B
Your love has called my name
Ab
What do I have to fear?
Gb B
What do I have to fear?

(chorus)

Acordes
