

# Skip Marley - Calm Down

tom:

**[Primeira Parte]**

I thought we figured out how not to spill blood  
 I thought we figured out to walk away  
 I thought we found that love was not a failure  
 Decided that the sea would have no waves

**[Pré-Refrão]**

And it kills me 'cause I get worked up and you get worked up  
 And we get worked up for nothing, yeah  
 I get worked up and they get worked up  
 And we get worked up for what?

**[Refrão]**

Calm down, calm down  
 Calm down, oh, calm down

**[Segunda Parte]**

Is this the way it is for other people?  
 I wonder if they feel it like I do  
 I know there is more than there is evil  
 A war is just a waste of me and you

**[Pré-Refrão]**

And it kills me 'cause I get worked up and you get worked up  
 And we get worked up for nothing, yeah  
 I get worked up and they get worked up  
 And we get worked up for what?

**[Refrão]**

Calm down, calm down  
 Calm down, oh, calm down  
 Calm down, calm down  
 Calm down, oh, calm down

**[Ponte]**

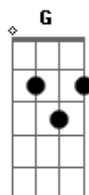

Time to figure it out, when people living in doubt  
 Brother, look further, take care of each other  
 Stressing over, about if you need it, then you can shout  
 My sister, look further, yeah, you're the preserver  
 Time to figure it out, when people living in doubt  
 I get worked up and you get worked up and  
 Stressing over, about if you need it, then you can shout  
 We get worked up for what?

**[Refrão]**

Calm down, calm down  
 Calm down, oh, calm down  
 Calm down, calm down  
 Calm down, oh, calm down  
 Calm down, oh, calm down  
 Calm down, oh, calm down  
 Calm down, oh, calm down  
 Calm down, oh, calm down  
 Calm down, oh, calm down  
 Calm down, oh, calm down

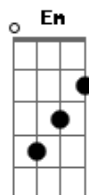

Oh, my brother, sister, my mother  
 Got to get together, oh, calm down  
 Oh, calm down
