

Sky Ferreira - Ghost

Tom: G

G
I'm not irrational
Am
I'm just no longer in the day dream
G
Of the delusion that
Am
Once was hard between our love it seems
G
Lately I've been between
Am
Being steady or a head case
G
What's become of us now
Am
Hanging our hearts in disgrace

Am Em
What did I do to make you so cruel
Am Em
I've got this ache inside my heart
Em
I know that it's you
Am
What should I do now that
Em
I know that we're doomed
Am
I loved you most and now you're a ghost
Em
I walk right through

G
Oh remember when you said
Am
That I was sick inside the head
G
I'm just half way there
Am

My common sense hanging by a thread

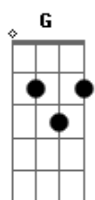

G
I'm bad on the outside
Am
But a coward at heart
G
The taste of salt in my mouth
Am
My voice is silent
G
But my thoughts are right

Am Em
What did I do to make you so cruel
Am Em
I've got this ache inside my heart
Em
I know that it's you
Am
What should I do now that
Em
I know that we're doomed
Am
I loved you most. And now you're a ghost
Em
I walk right through

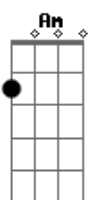

G Am

Am Em
I've got this ache inside my heart
Em
I know that it's you
Am
What should I do now that
Em
I know that we're doomed
Am
I loved you most. And now you're a ghost
Em
I walk right through
