

# Skyrim - Ragnar The Red

tom:  
Capostrate na 2ª casa

Oh there once was a hero named Ragnar the Red  
Who came riding to Whiterun from ole Rorikstead

And the braggart did swagger and brandish his blade  
As he told of bold battles and gold he had made

But then he went quiet, did Ragnar the Red

When he met the shield-maiden Matilda who said

Oh, you talk and you lie and you drink all our mead  
Now I think it's high time that you lie down and bleed

And so then came clashing and slashing of steel  
As the brave lass Matilda charged in full of zeal

And the bragger named Ragnar was boastful no more  
When his ugly red head rolled around on the floor!
