

Slchld - A Thousand Years With You

tom:
Dm
You crumple my shirt
D7
Stretch out my coat
G
Take all my clothes
Gm Dm
And leave nothing home
D7
We fight for no prize
Gm
But there's always a price
Gm
Sinking our time when we should
Dm
Love again, again, again
Try again, again, again
D D7 G
There are times when we feel there's nothing more
Gm G Dm Am
We both know the answers to our eager pain
Am Gm Gm
A journey on an endless train of love
Dm A Am
In the cold dead of winter
Cm
I'm right by your side
G Gm Dm
No matter how ugly it gets
Am
I would live the same life a thousand times
Gm G D
Knowing I've shared my best moments with you
Dm
Never once did we attempt
Am

To break it off when we're afraid
Gm
Shook the chills and ash away
Gm
Hugged it out and always said
Dm
Giving a heart is understanding
A D
There will be moments almost breaking
Cm G Gm
All that you have stay unwavering through it all
Dm
And we know we're never perfect
Am
But without effort nothing works
G E7 Gm
Everything we do, we do it out of love
Dm Am
In the cold dead of winter
Cm
I'm right by your side
G Gm Dm
No matter how ugly it gets
Am Gm
I would live the same life a thousand times
Gm
Knowing I've shared my best moments with you
Dm Am
In the cold dead of winter
Cm
I'm right by your side
G Dm
No matter how ugly it gets
Am Gm
I would live the same life a thousand times
Gm
Knowing I've shared my best moments with you
