

# Sleeping At Last - Nine

Tom: **Bb**

Who am I **Bb**

To say what any of this means? **F** **Gm**

I have been sleepwalking **D#** **Dm**

Since I was fourteen **F**

Now as I write my song **A#** **F**

I retrace my steps **Gm**

Honestly, it's easier **D#** **Dm**

To let myself forget **F**

Still, I check my vital signs **A#.** **F**

Choked up, I realize **Gm**

I've been less than half myself **D#** **Dm**

For more than half my life **Cm** **F**

Wake up **Cm**

Fall in love again **A#**

Wage war on gravity **Gm** **F**

There's so much Worth fighting for **Gm**

You'll see **Eb**

Another domino falls **Gm** **F** **Eb**

Either way

[Solo] **Bb** **F** **Gm** **Eb** **Cm** **Dm** **Eb** **F**

It looks like empathy **A#** **F**

To understand all sides **Gm** **Eb**

But I'm just trying to find myself through **Cm** **Dm**

Someone else's eyes **F**

**A#** **F**

So show me what to do

To restart this heart of mine **Gm** **Eb**

How do I forgive myself **Cm** **Dm**

For losing so much time? **F**

Wake up **Cm**

Roll up your sleeves **Bb**

There's a chain reaction In your heart **Gm** **F**

Muscle memory **Gm**

Remembering who you are **Eb**

Stand up **Cm**

And fall in love again and again and again **A#** **Eb**

Wage war on gravity **Gm** **F**

There's so much worth fighting for **Bb**

You'll see **Gm**

Another domino falls **Gm** **F** **Eb**

And another domino falls **Gm** **F** **Eb**

A little at a time **A#** **F**

I feel more alive **Gm** **Eb**

I let the scale tip and feel all of it **Cm** **Dm**

It's uncomfortable but right **D#** **F**

We were born to try **Bb** **F**

To see each other through. **Gm** **Eb**

To know and love ourselves and others well **Cm** **Dm**

Is the most difficult and meaningful **D#** **F**

Work we'll ever do

[Solo] **Bb** **F** **Gm** **Eb**

## Acordes
