

The Smashing Pumpkins - Cherub Rock Acoustic

```
Tom: E
                                                                              Strum the chords as you hear them in the song
                                                               C
                                                                      G
    Sang:
                                                                 So I am told
             Cherub Rock (acoustic version)
 Release: Vieuphoria
                                                               D
                                                                   Α
 Author:
          Aksel Lindstad
                                                               Who wants Honey
 Tuning: standard
                                                                       Α
                                                               As long as there is some money
                                                                               C
Intro: . You can play the intro like this, or a way that
                                                               Who wants that Honey
sounds best for you,
listen to the song or see the video, then it is much more
                                                               Continue to next verse from the repeating section.
easier.
                                                               After the second chorus: " who wants honey"
                                                               Comes the
                                                               "Let me out" riff. (You should also hear the song to time the
   full hand
  near 9th fret
                                                               right strumming pattern.
                                                                        D A
                                                               Let, Let me out
                                                                        D A
                                                               Let, Let me out
                                                                        D A
1
                                                               Let. Let me out
                                                                        D A
I play it like this, it sounds wonderful, but you should see
                                                               Let, Let me out
the video, the ones
with the under them are kind of fast ghost notes that are
                                                               After that there is a solo, which is hard, I only do something
strung upwards, you
                                                               similar, see the
will understand when you see the video. (Billy)
                                                               video, and you will see that there are a kind of pattern like
                                                               this:
Continues like this for vocals:
                                                               Then do the same pull-off beginning, and end with sliding down
                                                               and up with the
                          ( repeat from here until you come
                                                               same octave-pattern.
to chords)
                                                                And end with:
always ends this way:
                                                               Back to chord progression and chorus.
(text:"It doesn?t matter what you be live in)
                                                               End with this two times:
Continue the figures over, the rest of the lyrics you can look
                                                               and last finish: (wrong strumming pattern, but right places to
or someplace similer.
                                                               hold, Listen to the song;)
