for the "i'm in love with you..." part, just play the opening progression, and end on A2 (00220X high to low) and **A** (12,14,14,14,12,X)

Well, that's basically it, except for the sitar-like lead, but you should be able to figure out most of that on you own.

Lyrics to Luna:

What moon songs do you sing your babies?  
What sunshine do you bring?

Who belongs, who decides who's crazy,  
Who rights wrongs where others cling?

I'll sing for you if you want me to  
I'll give to you  
And it's a chance I'll have to take  
And it's a chance I'll have to break

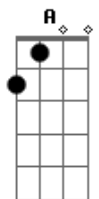

I go along just because I'm lazy  
I go along to be with you

And those moonsongs that you sing your babies  
Will be the songs to see you through

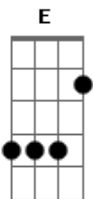

I'll hear your song, if you want me to  
I'll sing along  
And it's a chance I'll have to take  
And it's a chance I'll have to break

I'm in love with you  
I'm in love with you  
I'm in love with you, with you  
(etc)
