Parte 3 de 3

Am G C
I, I've been keeping secrets from you dear
Am G C
There's things of me are scared and you're my fear
Am G C
The crack goes in the ground
Am G C
And you, you've been coming closer to the edge
Am G C
Wonder what goes on in my head
Am G C
And so I shut you out

Am G C
And I guess that we don't need to be falling apart
Am G C
But you will always have a special place in my heart
Am G C
I never wanted this to end, can you for__give me friend?

Am G C
'Cause I fell in the hole, in the hole, in the hole
Am G C
My heart was turning cold, turning cold, turning cold
Am G C
I never wanted this to end, can you for__give me friend?

Am G C
And I, I promised you that we would never change

Am G C
That you and me would always stay the same
Am G C
How I let you down

Am G C
And I guess that we don't need to be falling apart
Am G C
But you will always have a special place in my heart
Am G C
I never wanted this to end, can you for__give me friend?

Am G C
'Cause I fell in the hole, in the hole, in the hole
Am G C
My heart was turning cold, turning cold, turning cold
Am G C
I never wanted this to end, can you for__give me friend?
