Tom: G

(Introduction) Am C F7M C G

(Verse)

Am C F7M  
The girl next door said that your walks go too long

Uh uh, air, uh uh, air

Am C F7M  
While she was singing her favorite song

Uh uh, air, uh uh, air

Am C F7M  
Her smile hid behind the camera lens

Uh uh, air, uh uh, air

Am C F7M  
He tried not to laugh but he chuckled like a hen

Uh uh, air, uh uh, air

(Chorus)

Am Em F7M  
And that love that we fatally made

Am Em F7M  
And the doves that took it away

Am Em F7M  
And the love that you said it can't stay

It went away

Am C F7M C G  
Our city of battle trees is curled up to sleep

Am C F7M  
We spent all of our money buying roses for the king

Uh uh, air, uh uh, air

Am C F7M  
And the shade may be breaking through your window

Uh uh, air, uh uh, air

Am C F7M  
Don't look for the answer it's the question you don't know

Uh uh, air, uh uh, air

(Chorus)

Am Em F7M  
And that love that we fatally made

Am Em F7M  
And the doves that took it away

Am Em F7M  
And the love that you said it can't stay

It went away

(Chorus)

Am Em F7M  
And that love that we fatally made

Am Em F7M  
And the doves that took it away

Am Em F7M  
And the love that you said it can't stay

It went away
