tom:

Intro: **Bm** **C** **G**

**Em**  
Here we are

**D**  
Blaming failure on the other  
**Am** **Em**  
Here we are awaiting to depart  
**Em**  
Do we care  
**Bm**  
Just enough to aid our brother?  
**Am** **Em** **D**  
Do we care enough to cease the harm?

( **Bm** **A** **Em** **Bm** **A** )  
( **Bm** **A** **Em** **Bm** **A** )

**C** **Em** **D** **C**  
With every step we take we get further away  
**C** **Em** **D** **C**  
From everything we need to reach harmony  
**C** **Em** **D** **C**  
For all of us who won't linger on to pretend  
**C** **Em** **D**  
And everyone who follows their dreams  
**Em**  
Runaway  
**Em** **D**  
From the weights that keep you cornered  
**C** **Em**  
Find a way to take back what is yours  
**Em**  
You and I  
**Em** **D**  
We're depending on each other  
**Am** **Em**  
While divided we won't hear the call  
**Am** **C**  
Where do I heal when the river runs dry?  
**C** **Em**  
How do I sweeten the bitter?  
**Em** **D**  
A word decides our fate  
**D** **Am**  
And our silence condemns  
**Am** **C**  
Would you give us what is left of your time?

**C** **Em**  
Give yourself up for the others?  
**Em** **D**  
The choices are our own  
**D** **Em**  
But the failure we'll share

( **Bm** **C** **Em** )  
( **Gm** **Bm** **C** )

[Solo] **Em** **D** **Am** **Em** **D**

**D** **Am**  
The man in charge is announcing  
**Am** **Em** **Bm** **C**  
He'll be the one who saves the earth and feeds the poor  
**D** **C**  
And when that promise is broken  
**C** **Em** **Bm** **C**  
The next in line with the same lies will claim the throne  
**C** **Em** **D** **C**  
For every step he takes, we get further away  
**C** **Em** **D** **C**  
From finding what we need to reach unity  
**C** **Em** **D** **C**  
With every word he says he condemns who we are  
**C** **Em** **D**  
Depriving us from reaching our dreams  
**Am** **C**  
Where do I heal when the river runs dry?  
**C** **Em**  
How do I sweeten the bitter?  
**Em** **D**  
A word decides our fate  
**D** **Am**  
And our silence condemns  
**Am** **C**  
Would you give us what is left of your time?  
**C** **Em**  
Give yourself up for the others?  
**Em** **D**  
The choices are our own  
**D** **Em**  
But the failure we'll share
