```
                          tom:
                  Gbm (forma dos acordes no tom de Em )
Capostraste na 2ª casa
```

```
          Em           D
I was fine before you walked right through that door
C
And now I'm something more than I ever imagined
Em        D
I was so sure I knew exactly who you were
                    C
But you were something more than I ever imagined

Em
In your arms, I'm safe and sound
      D
You turn my world right upside down
       C
But all the hell we've been through had a purpose

Together we are chaos and it's perfect
Em                                    D
Always thought those feelings, they were stories not made for
me
        C
It's terrifying, but I'm pretty certain

It's worth it

                   Em
I didn't, I didn't know
                      D
What love could, what love could be
                   C2
Until you, until you loved my everything
      C2
The good, the bad, the in-between
           Em
I didn't know
                      D
You were something I could need
                   C2
Until you, until you loved my everything
       C2
The good, the bad, the in-between, all of me

Em          D
I was fine before you kissed me on the forehead
C
Held me 'til the morning, never imagined
```
