                            Am            Dm
We're gonna burn it up like rock-stars
        G
Go Nirvana in here
                        Am
We're gonna set it off
          Dm
Tick tock
               G
Life is a video game
                        Am
And we could be in love
          Dm
Or not life
          G
See, I really don't care
                            Am
I just wanna be right here
Dm                      G
I just wanna be right here

Ah

Am                        Dm
We can rule the oceans
G
We can rule the world
Am                    Dm        G
We'd be the commotion, baby

G
So, we'll never regret that
Am              Dm          G
Life is gonna be what we be
G                                     Am
So, we'll turn the music up tonight
          Dm              G
Let the beat set you free
G
Give everything you got, and
Am              Dm        G
Dance all your worries away
G               Am
Forget yesterday
           Dm        G

      G           Am
And love is the name

Yeah, I'm digging your style
G                 Am
The way you let me in on
    Dm              G
Secrets that are already mine
G               Am
And we could be in love
          Dm
