F  
Your oil's running out

Dm Bb  
Who's gonna challenge you  
F  
Alaska's calling oh  
C  
Iraq and Taliban  
Dm Bb  
Who's gonna stop, stop you?

(repetir verso)

Pick up my cell phone  
I'm in a war zone  
target of everyone  
I wanna have kids  
Could I leave a lesson  
and is my generation done, done, done?

(refrão)

Dm Bb F C  
Why do you want this world to drown along with you  
Dm Bb F C  
Red, Gold, and Green you aren't afraid to wear Red, White and Blue  
Dm Bb F C  
Why do you want this world to drown along with you  
Dm Bb F C  
These Stars and Stripes I used to love, but it's nothing now

(repetir verso)

Talking keep talking cus'  
Make us all believe  
You're know we're all so dumb  
Tell us of allies  
We're fighting side by side  
I think I'm getting over  
Pick any target, just try to spark it  
You're the mass destruction

I'll do what you're saying  
As long as you make me rich  
Under my oh oh oh God's sun!

(refrão)

Why do you want this world to drown along with you?  
Red, Gold, and Green you aren't afraid to wear Red, White and Blue  
Why do you want this world to drown along with you  
These Stars and Stripes I used to love, but it's nothing now

Just tell me why

(solo)

OH WHY!

Just tell me why  
OH WHY!

(repetir verso)

Talking keep talking cus  
Make us all believe  
You know we're not that dumb  
Don't believe your allies  
Don't believe your side by side  
Don't believe that I'm that numb  
Don't believe in targets  
Don't believe in sparking  
Don't believe that I'm that mass destruction  
Don't believe a word you say  
Don't believe that you can make  
me one dollar rich in, in, in Jah Kingdom!

(refrão)

Why do you want this world to drown along with you  
Red, Gold, and Green you aren't afraid to wear Red, White and Blue  
YES YOU DO!! WHY DO YOU WANT OUR WORLD TO DROWN ALL ALONG, ALL ALONG, ALL ALONG WITH YOU  
THESE STARS AND STRIPES I USED TO LOVE, BUT IT'S NOTHING NOW,  
JUST TELL ME WHY!!!

(repetir solo)
