Riff Intro

Dm F
The situation isn't what it was
C Bb
And it's never gonna be it again, 'cause we got
Dm F
Nothing prepared for what is coming up
C Bb
When the Dollar is the focus of men, and you know
Dm F
All the solutions we don't talk about
C Bb
'Cause we'd rather talk about ourselves, right now
Dm F
And if we are what's killing us
C Bb
We take the form of the storm up ahead
Now follow me

Dm F
Well i've seen that water rising
C Bb
And it's rising all around
Dm F
And I've seen those roots, they're ripping
C Gm
And they rip out from the ground
Dm F
And I've seen this world is changing
C Gm
And it's right in front of our face
Dm F
There's something happening here
C Bb
In this little human race

Dm F
It's coming, coming, coming on down, down
C Bb
The water literally rise now
Dm F
It's coming and it's coming on down, down
C Gm
And the index rise every time around
Dm F
It's coming, and coming on down, down
C Gm
And we can tear every little thing down
C
And we will, just look around
Bb
And you can watch us tear it down
Intro: 2x: Dm F C Dm

C Gm
Can't even figure out same sex marriages
Dm F
And while we kill each other every day
C Gm
And while we kill our earth in every way, it's coming down

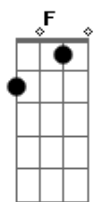

Dm F
And we've got this love inside us
C Gm
And we've got this hatred too
Dm F
And we've got this battle raging
C Gm
And we let the soldiers lose
Dm F
And we sit and watch and wonder
C Gm
Possible outcomes
Dm F
Will what we need deep inside
C Gm
Become what we want before it's

Dm F
It's coming, coming, coming on down, down
C Gm
The water literally rise now
