If you see me **Am** forgetting **Em**
 Forget who I am **G**
 Just try to remind me **D**
 Put up your hands in the stands **Am Em**
 If you see me crying, if you see me alone **G D**
 Just try to stay by me and keep singing a-long

I appreciate the chance of living **Em C Bm**
 I realize that it's all about giving **Em C Bm**
 I will stand in the sunshine **Em C Bm**
 Cause I know the sun is not mine **Em C Bm**
 I'm tied in to the dirt and the land **Em C Bm**
 The wind, and the trees, and the waves and the sand **C Bm**

And I know I'll come again **Em C Bm**
 Yeah I know but untill then **Em C Bm**
 If you see me **Am** forgetting **Em**
 Forget who I am **G**
 Just try to remind me **D**
 Put up your hands in the stands **Am Em**
 If you see me crying, if you see me alone **G D**
 When I stop singing, just keep singing a-long **G Em**
 So I can hear your song

(**Em C Bm**)
 So if I slip, get lost upon de trip
 And if I lose a grip on reality, beg you do not make me drift
 It's not as if, because I have a gift,
 That me nah could no take some good advice
 And you say word, I'll take a tip
 Like maybe this, one too many spliffs, one too many sips
 Not enough sleep and too much 'milla skip
 Some time to escape, everyone need a lift
 Don't watch no face

If you see me **Am** forgetting **Em**
 Forget who I am **G**
 Just try to remind me **D**
 Put up your hands in the stands **Am Em**
 If you see me crying, if you see me alone **G D**
 When I stop singing, just keep singing a-long **G Em**
 So I can hear your song
