

Sonata Arctica - Full Moon

Tom: C

Sitting in a corner all alone
 Staring from the bottom of his soul
 Watching the night come in from the window window
 It'll all collapse tonight, the fullmoon is here again
 In sickness and in health, understanding so demanding
 It has no name, there's one for every season
 Makes him insane to know
 (Am F E)

Running away from it all
 "I'll be safe in the cornfields", he thinks

Hunted by his own
 Again he feels the moon rising on the sky

Find a barn which to sleep in, but can he hide anymore
 Someones at the door, understanding too demanding
 Can this be wrong, it's love that is not ending
 Makes him insane to know

She should not lock the open door
 (Run away run away, run away)
 Fullmoon is on the sky and He's not a man anymore
 She sees the change in him but can't
 (Run away run away, run away)

See what became out of her man (C E Am G)

Full moon

Swimming across the bay,
 The night is gray, so calm today
 She doesn't want that way
 "We've gotta make the love complete tonight"

In the mist of the morning he cannot fight anymore
 Hundred moons or more, he's been howling
 Knock on the door, and scream that is soon ending
 Mess on the floor again

She should not lock the open door
 (Run away run away, run away)
 Fullmoon is on the sky and He's not a man anymore
 She sees the change in him but can't
 (Run away run away, run away)
 See what became out of her man

She should not lock the open door
 (Run away run away, run away)
 Fullmoon is on the sky and He's not a man anymore (whoa... whoa!)
 See what became out of her man
 (C E Am G)
