                                                              Just come away with me, baby
                             C
She sits and she waits by the tree
                                                                            С
                                                              Join me in my car girl
And she thinks no one comes to me
                                                                             G
                                                              We can go real far away
           C
Heard it before
                                                                         Am
                                                              Away from here
E .
She stands there all alone
                                                                                 F
                                                              Just come away with me, baby
Staring blank at her telephone
                                                                            C
