                                           Fm
What I do to end up here again?
           Bb7
Dreaming 'bout all your tender care
       Bb7
Anything you want, I can offer up
Ab Bb7
Play too long, I'm lying in the rough
Can't get enough, your love's my survival
Can you be my baby one more time? 
 \ensuremath{\mathsf{Ab}}
            Eb
Call my bluff, flash a smile I'd die for
If you'll be my baby one more time
              Bb7
Sing my name, it's honey to my ears
              Bb7
In my arms, there's nothing left to fear
Ab Bb7 Fm
Anything you want, I can offer up
