

Sophia Luna - The Girl Named Who

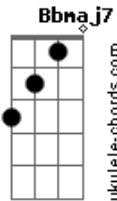

tom:
 Yesterday I met someone new
 Oh I can't believe that she's true
 And I don't even know her name
 But our hearts just felt like the same
 I heard that she's known by "weird"
 I hope she's glad I appeared
 Does she feel the same way about me?
 Oh I, oh I, I wish she could see
 (F A Dm Bb)
 Ooooooh, oooooh, ooooh
 It seems that she has no clue

That I feel the way that I do
 For me it's hard to say "hi"
 I should, I should know better her type
 Her hair looks like the sun
 It's tied up in a bun
 I feel, I feel
 Like a butterfly
 Oh, when I see her smile
 I reach the sky
 I love that she said my name
 What a shame I can't do the same
 Her name I never knew
 She's in my head as the girl named "who"
