

Sophie St. Laurent - Sex Appeal

Tom: **C**

Intro: **C D**

You've got that sex,sex, sex

You've got that sex,sex,sex ooh, luh luh sex appeal

You're the one I want tonight - you're the one I want

You make me feel alright

Come feel body heat I know you like soft and sweet

We could do it in the moonlight uh,huh

We could do it in the light of day

We could do it in the starlight uh,huh

We could do it in a hide-away

We gotta keep the fire burning, keep the fire hot

Oh, what you do to me - I can feel your body heat

I know you like it slow and easy

We could do it in the moonlight uh,huh

We could do it in the light of day

We could do it in the starlight uh,huh

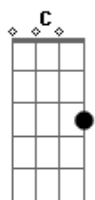

We could do it in a hide-away

You got that sex, sex, sex, ooh, luh luh sex appeal

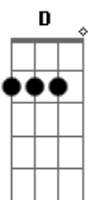

Keep that fire burning, ooh, what you do to me

I can feel your body heat... I know you like it slow and easy
