tom:  
Intro: C G Am F

[Primeira Parte]  
C G Am F  
In every season that unfolds  
Valley or mountain, You're still close  
Jesus, You've never left my side  
Safe in the shadow of Your wings  
Fear will not ever conquer me  
Your perfect love already has

[Refrão 1]  
C G Am F  
Great is Your faithfulness  
You're true to Your promises  
Out of the ashes, there's a hope arising  
I choose to trust in You  
There's nothing You cannot do  
Out of the ashes, there's a hope arising

[Segunda Parte]  
C G Am F  
You are the rock on which I stand  
You hold the whole in Holy hands

I know you're never letting go  
You say the word and giants fall  
You make a way where there's a wall  
Nothing can stand against Your Name

[Ponte]  
F G Am F  
One day I'll stand in Your glorious light  
The Lion will roar and the dead will arise  
All that is broken You'll fully restore  
As You take Your rightful place  
Hope is ris - ing, my God is on the move  
Hope is ris - ing, You're working for my good
