

## Sound Bullet - Hope

tom:

**G**

**C** **Bm**

Heavy clouds seem closer than before

**C** **Bm**

It's the same old crushing force

**C** **Bm**

But deep within we are stronger than we know

**C** **Bm**

And If you're struggling like me know

**G**

There's something more

**Am Bm C**

There's so much more to believe in

**C** **Bm**

Don't believe in how everything is supposed to be

**C** **Bm**

I've seen their lies exposed

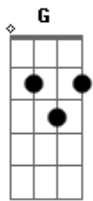

**C** **Bm**

In tiny blue screens they tend to easily overflow

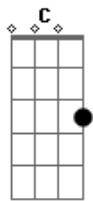

**C** **Bm** **G**

But hope is growing so we're the home for a change
