```

Oferecimento Lojalele.com.br

1st Guitar:

```
>>>>>>>>>>>>
                                                                   -3-
2nd Guitar: (Play this chord progression over the 1st guitar's
solo. =
These
                                                            >>>>>>>>>
are the same chords as in the rhythm part of the chorus
intro.)
                                                            1st Guitar:
Play this progression 3 times:
                                                            G G G Bb A F
                                                            I don't care ......
G G G Eb Eb Eb
                 F F F Ab Ab Ab
                                                                   G
                                                                         Bb A
                                                            I don't care .....
GGG
      Eb Eb Eb
                 F F F Ab Ab Ab
      Eb Eb Eb
                  FFF Ab Ab Ab
                                                                  G Bb A
G G G
                                                            G G
                                                            I don't want .....
Then Play This:
                         (this last part is same as beginning
                                                             (Theres a little fill here before it goes into Chorus 3, it
of chorus =
                                                             goes like =
Intro: )
GGG Eb Eb Eb FFF FGb G Bb A G
                                                             this)
                                                            Bb A G=20
1st Guitar: (play solo over amount of time 2nd guitar plays
chord =
                                                            Chorus 3: (Same as chorus 2)
progression)
                                                            1st Guitar:=20
Chorus Intro 3: (Same as first except 2nd guitar has already
played the =
                                                             Eb Eb Eb
                                                            And I don't ....
G G G B B B
first chord progression.
Does not actually go into chorus, goes into bridge instead.)
                                                            What you got .....
1st Guitar:
                                                              Eb Eb Eb
                                                            And I don't ......
