

# Spice Girls - So Tell Me What You Want

So, this is the bass tab I'm sure you have all been waiting for: the  
 YOUR BRAIN OUT THROUGH YOUR NOSTRILS. I don't know why I am  
 tabbing  
 this, suffice it to say work is boring. Keep in mind that I am  
 tabbing  
 this without a bass from memory so I may have left out a note  
 or two.

(regular tuning EADG )

```

```

```

|--0--0--3--3--5---5-----0--3--3--5--5-----
|-----|
|-----3--3--4---5-----3-3-4-5---
|-----|

```

Play it through once and you'll pick up the timing real fast.  
 Play this  
 OVER AND OVER until you die, cuz thats how it goes in the  
 song. Also, if  
 around and do the funky cool moves while playing, even if  
 doing these  
 moves makes you look like an idiot.
