

# Spring Gang - Goodbye So Long (Feat. Mia Pfirrmann)

tom:  
Capostrate na 1ª casa

Baby, I'm not mad at all  
We both tried and tears did fall  
Can't hold our love against the wall, no  
Every inch of me is hurting and I  
I just wanna leave it all behind  
Yeah, I'm breaking up with you tonight

Yeah, you know it's hard to say  
Yeah, you know we're not okay  
I can see it in your face  
We became a lonely place

Goodbye, so long, my dear love  
Love is forgotten, so I'm moving on  
Goodbye, so long, my dear friend  
We did our best until the very end

Baby, I don't wanna fight  
It has to hurt, that's how I know it's right

But you won't feel the pain alone, no  
Every inch of me is hurting and I  
I just wanna leave it all behind  
Yeah, I'm breaking up with you tonight

Yeah, you know it's hard to say  
Yeah, you know we're not okay  
I can see it in your face  
We became a lonely place

Goodbye, so long, my dear love  
Love is forgotten, so I'm moving on  
Goodbye, so long, my dear friend  
We did our best until the very end  
Goodbye, so long, my dear love (my dear love)  
Love is forgotten, so I'm moving on  
Goodbye, so long, my dear friend (yeah-yeah)  
We did our best until the very end

But goodbye  
So long  
My dear love
