

Sponge - Live Another Day

Tom: A just:

Tabbed by Merlin Blencowe

Here goes...

'Do the words give up mean anything to you? Not a thing.'

D A G

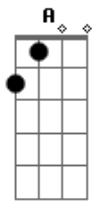

These D A G chords are used throughout with varying strum patterns which you can work out yourself. Jarvis must get quite bored playing the bass to this when it's

The only bit where the chords and bass change for; 'I know it's not what you wanna hear but if you'd just stay off the beer then, you would, live to see another day'

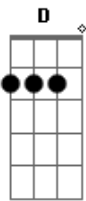

D E G Gb E D

Nice easy solo, played over 4 times, use the same 3 chord shapes as before.
