Ok, this is my first tab, written down atleast.  
You'll need to listen to the song for the rhythm and the vibrato lengths.

It sounds ok to me, accurate atleast.

Hope this is ok =**D**

| ~ Vibrato  
| x Mute note

It can't be much longer  
Can't be much longer  
Won't somebody tell me?  
I'm not going under  
Not going under  
Won't somebody save me?

There ain't nobody gonna tell me  
Nobody's gonna say they told me so  
If there's a weight up on my shoulder  
I just let go

You ever slipped up  
Been tripped up  
Now you're staring at the paper with your lip cut  
And you're thinking  
That it's useless  
Thinking maybe this life don't suit us

Nobody's gonna tell you different  
Nobody's got a special way to show  
So if you wanna last the distance

[Chorus]

Don't you self harm  
Pick yourself up  
If you're thinking 'bout moaning just belt up  
Think your life needs  
Liposuction  
At the very least on attitude reduction

Maybe it's time to make a difference  
Maybe it's time to say I told you so  
If you are gonna last the distance

Wo-ah  
Wo-ah  
wo-ah  
wo-ah x3

Don't just say no  
Say I think so  
Don't just say no  
Come on let go!
