

# Stand'Up - You And Me

Tom: **D**

Primeira parte:

Searching for the stars while the day falls apart  
 When I look into your eyes I breathe again  
 With my old guitar watching all those fancy cars  
 Speeding up when time should stop  
 Cause that's how i feel with you  
 The world has more colors than blue  
 And now you

Refrão:

Give yourself to me  
 Like there's no one else you see  
 Live your life  
 Like it's meant to be, you and me

Segunda parte:

Under that big tree that once we wrote our names

I feel the sunlight coming into my veins

The radio is on and I know we knew the song

The night we kissed, the band was there

You don't forget

I'm stronger with you by my side

Your arms will hold me all the night

And fly

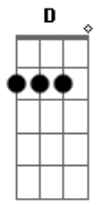

Refrão:

Give yourself to me  
 Like there's no one else you see  
 Live your life  
 Like it's meant to be, you and me

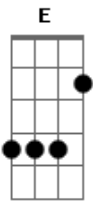

Solo guitarra

Refrão 2x
