

Mazzy Star - Common Burn

tom:
 Simple things like your over coat
 And your beauty
 That's still burning me
 Let me hang around
 Even if it's just some way to have
 Some common burn
 A common burn
 So I spend the night in someone's house
 That you clouded
 Oh simple me that you fled
 But we have that in common

A common burn
 A common burn
 Aware of atoms, I said
 So many times before
 You could sit around and have
 Everything that you scored
 Just don't come home and say
 You've been asleep
 When you know you're burning
 Someone
 That common burn
 That common burn
