

Starfield - Can I Stay Here Forever

Tom: **Gb**

(com acordes na forma de Capotraste na 4ª casa

Through forgotten convictions

And misplaced affections

I'm losing the sound of your voice

I'm chasing after emptiness

Trying to tidy up this mess

And I swear I've been down this road before

I wanna get back to where it all began

When I would long for only you

Like a child I'll take you at your word

As these mountains of doubt, they fade away

I'm longing to trust and love you more

So for me this is beautiful

Brand new thought and a brand new world

Can I stay here forever, here with you?

Verse 2:

I've lost sight of what first drew me

To the love that pursued me

The joy that inspired my song

The friendship that was all I knew

The arms that I would fall into

Seem miles and years from where I am today

Bridge 1:

Can I stay here forever

Here with you?

Surrounded by your mercy

Clothed in your truth

Always I'll stay

Always here with you

Bridge 2:

Can I stay here forever

Here with you

Can I know what it's like

To deeply love you

Always, Lord let me stay

Always here with you
