Confination #6

I just wanna see my friends

I wanna walk the streets again

But I gotta be patient

Let's enjoy this confinement

I just wanna feel your love

'Cause Instagram is not enough for me

So I gotta be patient

Let's enjoy this confinement

(A Bb Db)

But everyday we'll sing a song

To make you dance

Until this ends

I wanna see my friends

I wanna walk the streets again, again, again

But I gotta be patient

Let's enjoy this confinement

Si tens ganes de sortir

Ho sento però no pots

T'hauràs de quedar a dins

Però amb els vídeos d'aquests tres

Jo he sigut molt feliç

Podria viure així

[Ponte] A Bb Db

Ai, aquest virus que tenim

que a aconseguir que ens unim

I just wanna see my friends

I wanna walk the streets again

But I gotta be patient

Let's enjoy this confinement

But I gotta be patient

Let's enjoy this confinement

I gotta be patient

Let's enjoy this confinement
