

# Stephen Lynch - Gerbil

Tom: **E**

By KrazyKurtKuomos

isnt as detailed in givng you the chords so here is the exact way to play. Note that Stephen uses a **D** or a D2 so ill show you both in different verses(which i think is how he plays it) It sounds better if you don't fingerpick it

Standard Tuning

Main Riff 1A:

**A G D F**

PreChorus:

Chorus:

GERBIL

Main Riff 1B:

**A G D2 F**

**C** **N**

Lyrics:

Verse 1:

(Main Riff 1A )

I bought a grebil at the petting zoo  
If Richard Gere can do it i can too  
I got undressed, I start to lube  
I stuck the gerbil at the end of the tube

PreChorus 1:

Wondering just how he'll feel  
Will he like it better in his little wheel  
Careful now he's right beside me  
One more inch and, he's inside me

Chorus 1:

Burrow harder, burrow deeper  
Be my little chimney sweeper  
One thing I forgot about  
How am I supposed to get you out

(Main Riff 1B )

Verse 2:

He's warm and cozy and there's plenty to eat  
The situation is beyond my control  
Gotta find a way to get him out of his hole

PreChorus 2:

I tried crowbars, I tried wires  
I almost hurt him with a pair of plyers  
I tried cheese but he's not biting  
I wish this wasn't so exciting

Chorus 2:

Jesus I am such a sucker!  
Please get out you furry fu----  
I think I am getting ill  
Suddenly he's very, very still

(Main Riff 1B )

Verse 3:

Now it's too late, my gerbil died  
I guess I have committed Gerbicide  
Here's some advice, it's very clear cut  
If you love your gerbil...(end on D2 )  
Don't stick him up you butt(Main Riff 1B )  
Dont stick him up your butt  
Little furry gerbil in your booty-hole  
Dont stick him up and...

He just mumbles and scats and you play this by simply strumming the Main Riff Chords- A,G,D2,**C** )

End on A
