

Stephen Lynch - Jim Hensons Dead

Tom: **F**

Chorus

This is the version he plays on 'A Little Bit Special'. There is one note difference to the live version as he makes a mistake in the first verse but it's unnoticable.

This song requires pretty good fingerpicking skills. There don't seem to be any other tabs on the net for this that aren't just bad chords so, enjoy.

Chorus

Hopefully you can figure out the strumming. After the last chorus you play the verse again twice and then play the intro twice, ending on a **G** chord.

Thank you!
