[Primeira Parte]

I don't need the air in these lungs  
 Don't need the rain or the sun  
 I just need your arms and permission to fall  
 For I need you most of all

[Segunda Parte]

I don't need these eyes, they're too blind to see  
 Don't need more time or love songs to sing  
 I just need your arms and permission to fall  
 For I need you most of all

[Ponte]

Most of all, on these lonely nights, how I need you  
 Most of all, in shadows on walls, how I see you

It's only in dreams that I meet you

Don't wanna wake, but I need to  
 Still, I need you most of all

[Solo] G Gbm Em Am  
 D G

[Ponte]

It's only in dreams that I meet you  
 Don't wanna wake, but I need to  
 Still, I need you most of all

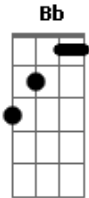

[Terceira Parte]

I don't need the stars for wishes to speak  
 Don't need the world or what Heaven could bring me  
 I just need your arms and permission to fall  
 For I need you most of all

For I need you most of all
