[Primeira Parte]

```
        A                           E
She was gone before the morning came
                 B             Dbm
Down the fire escape. She went wild
B
And wild
A                      E
In my heart, a burning flame. I thought
          B        Dbm        B
It couldn't change her mind, and mine
```

[Pré-Refrão]

```
A                       E
Love was such a scary thing, you didn't
     B                        Dbm
Want to fall. I didn't want you at
    B
All
         A                   E
Now I'm waiting by a cold window, 'til
           B     Dbm   B
The sun has gone
```

[Refrão]

```
A                          E
Oh, my, my, oh, my, my, my
                  B             Dbm
Now don't think twice. Hold me up until
    B        A                      E
You see the darkness that I couldn't
                            B
Find lying by your side
        Dbm          B        A
Hold me up until you see the light
```
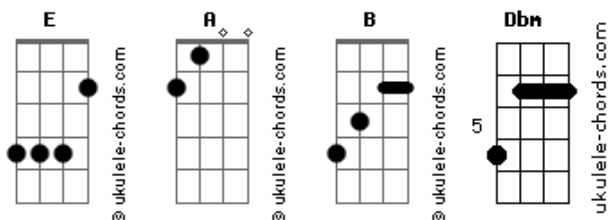

[Post-Refrão]

```
        E      B        Dbm     B
Ooooh ooooh hoooo ooo woohoo woohoo
```

[Segunda Parte]

```
           A
Onwards we fumbled in the strangest
E                          B
Way. But still, we're losing space
            Dbm            B
We're tongue-tied, tongue-tied
           A
And both our shadows spun around the
E                          B
Room. Then into one from two we
Dbm         B
Collide, collide
