Fuck what you thought I'd do without you
I'm so much better like you never met me
I'm doing anything I want to
I'm going zero to eighty
So when you see me talk to strangers
No don't you let it get the best of you
You let me slip right through your fingers
                            D Em
And now his fingers running down me too
I can hear the blood rush through your veins
I can feel the heartbreak on your face
I'm onto the next you
Hope you got a good view
                Em
Watch me while I talk to
    CG
Oh stra-ngers

Strangers
The other day I found your T-shirt
And I'd be lying if I said that it didn't hurt
But fuck it it goes with my short skirt
And I look good in it baby
So when you see me talk to strangers
No don't you let it get the best of you
