This is 100% accurate, however if you disagree, have any
corrections comments or questions, e-mail me at the above address and i'll do my best to reply. This one's for
Kerry McHale, hi mate!
                                                            VERSE 2 |
This songs uses three guitars, two electric throughout and a
12 string acoustic during the bridge, however
the second electric part can be substituted for a piano or
                                                                                                Α2
                                                                                                             Fmaj9
keyboard and the 12 string for a normal acoustic.
The second guitar only plays the riffs and fills and where
                                                             Lyrics:
there are none I have put G2 (tacet) instead of
                                                                      I love my truck,
                                                                                                   I love my
                                                                                                               family.
taking up loads of space with tab lines.
The harmonica part is the only thing i'm not sure of, but that
can easily be improvised based on the
positions i've given below. (I used one in key of G )
