Here it comes again

Like the first time again

I can't sleep, watch the rain

But I'm happy again how can this be

Gm Gm

Why did this feeling creep on up on me?

I can't be sure

You never can

But the signs I know

Where does it come from? Where does it go?

Where does it kill you painful and slow?

I'm out of the fire

And into your home

I wanna feel you, feel you, feel you, feel you again

It makes you a cheat

It makes you a liar

Step on out the fire

It gives a spring in the step a smile on the face

Gm Gm

Sing like a bird, ya running the race again

What makes you bad

Makes you feel much better

Than you ever can

You can touch it, see it, breathe it, feel it's all you can

It makes the world go round

It makes you homeward bound

It makes you want it more

Look around every corner

To see if there's more around

You wanna take it all

It's never quite enough

You know you need it all

You wanna feel it, feel it, feel it, feel it again

It'll kill you in the end

But not to have it, you haven't lived

It will break you, make you, take you, hate you again

From me to you

From you to me

Look at you window

And you will feel it, feel it, feel it, feel it more

Gm Gm Gm Gm

more, more

Here it comes again

That feeling again

I can't sleep

Sit and watch the rain

Gm

Again
