

# Stereophonics - Hurry Up And Wait

Tom: **G**

**G**  
We wait to wake to get a ride in the rain  
Buy a ticket they can check we can claim

**C**  
So we don't spend what's our own

**G**  
For a seat a place to stop a green light  
A red cross they run around naked

**C**  
Doing old things like the ones before

**G**  
Wait for a break so you can take a little  
Something that'll make your next break

**G**  
Come along a little quicker than the one before

**G**  
Wait for an answer spy a sweet dancer  
As she walks from the door of the hall

**C**  
Wish you waited for your wedding vows

**D** **C**  
So hurry up and wait

**G**  
But what's worth waiting for?

**D** **C**  
So hurry up and wait

**G**  
But what's worth waiting for?

**G**  
We wait to get warm the car starts  
From cold stall to make the first move

**C**  
Magazines made the rules to make us lose

**G**  
For your dream man the house you could both plan  
The car in the sales add the wet dream

**C**  
With the man you wish that you had

**D** **C**  
So hurry up and wait

**G**  
But what's worth waiting for?

**D** **C**  
So hurry up and wait

**G**  
But what's worth waiting for?

**G**  
A watched pot never boils sugar  
Seconds to dissolve see your appetite

**C**  
Lost foods relevance is lost inside

**G**  
We wait to get there and when we get there  
We wait around for anyone to

**C**  
Tell us what we even got there for

**D** **C**  
So hurry up and wait

**G**  
But what's worth waiting for?

**D** **C**  
So hurry up and wait

**G**  
But what's worth waiting for?

**C** **G**  
What's worth waiting for?

**C** **G**  
What's worth waiting for?

**C** **G**  
What's worth waiting for?

**C** **G**  
What's worth waiting for?

**G**  
So join the queue me and you  
We wait in line it takes our time

**C**  
To be satisfied

( **G** **C** )
