

Stereophonics - No One's Perfect

tom:
Capostrate na 1ª casa

If I could
You know I would
I'd give up and be free
Every time I take a drink
I sink into the sea
We've got days to be
Oooh no one's perfect
Tomorrow, you'll see
Let you down a thousand times
In rationality
All I've done I've blamed no one
All roads lead back to me

We've got days to be
Oooh no one's perfect
Tomorrow, you'll see, you'll see, you'll see
You've made a better man of me
You've made a better man of me
Nothing
Lasts forever
Tomorrow
You will see
If I could
You know I would
I'd give up and be free
Oooh
No one's perfect
Tomorrow, you'll see, you'll see, you'll see
You've made a better man of me
You've made a better man of me
