

Stereophonics - You're My Star

tom:

C

You fly, with angels' wings Am

You got my, blood in your veins Am

And your eyes, see everything F

And they shine, like diamond rings F C

You're my Sunday Am

You make my Monday, come alive F C

Just like Tuesday, you're a new day Am F

That wakes me up C

Wednesday's raining Am

Thursday's yearning F

For Friday nights C

Then it all ends at the weekend Am F

You're my star C

At times, I cave right in C Am

But this fight we have to win C

And your songs you love to sing F C

May your dreams, forever live F C

You're my Sunday Am

You make my Monday, come alive F C

Just like Tuesday, you're a new day C

That wakes me up Am

Wednesday's raining F

Thursday's yearning C

For Friday nights Am F

Then it all ends at the weekend C

You're my star

You're my star Am

Yes you are F

It's a thrill to see your imagination C

Just watching you is an education Am

What's in your mind is my fascination F

It blows my mind and sets my heart racing C

You're my Sunday Am

You make my Monday, come alive F C

Just like Tuesday, you're a new day Am F

That wakes me up C

Wednesday's raining Am

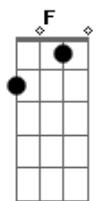

Thursday's yearning F

For Friday nights C

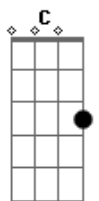

Then it all ends at the weekend Am F

You're my star C
