

Steve Earle - Everyone's In Love With You

Tom: E

E
Everyone's in love with You

But you don't seem to mind

But it must be tough when you're cleanin' up
Gbm

Them broken hearts sometimes
A

Or maybe you just struggle through
B

And leave 'em where they lie
E

But everyone's in love with you

In love with you in love with you
E

Everyone's in love with you

They fall down at your feet
E

And impale themselves knowin' full well
Gbm

You'll only watch 'em bleed
A

And they won't stop 'til the final drop

B
Cause they think it's what you need
E
And everyone's in love

In love with you in love with you
Gbm A E B
You want everyone to want you
Gbm A B
But you don't want anyone to need you
E

Cause baby you don't need to
E
Everyone's in love with you

Oh don't you think I know

The way they all light up when you show up
Gbm

And you're baskin' in the glow
A
I'd like to say that I ain't that way
B

Like all your other fools
E

But everyone's in love with you

And I am, too I am, too
