

Steve Earle - Ft. Worth Blues

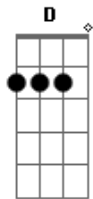

Tom: **D**

D
In Fort Worth all the neon's shinin' bright
A7 **D**
Pretty lights red and blue
D **G** **D**
They shut down all the honky tonks tonight
A7 **D**
Say a prayer or two if they only knew
D **G** **D**
You used to say the highway was your home
A7 **D**
But we both know that ain't true
D **G** **D**
It's just the only place a man can go
A7 **D**
When he don't know where he's travelin' to
G **A** **D**
But Colorado's always clean and healing
G **A** **D**
Tennessee in Spring is green and cool
D **G** **D**
It never really was your kind of town
A7 **D**
So you went around with the Fort Worth Blues
D **G** **D**
Somewhere out across the great divide
A7 **D**
Where the sky is wide and the clouds are few
G **D**

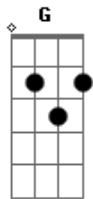

A man can see his way clear to the light
A7 **D**
Just hold on tight that's all you gotta do
G **A7** **D**
And they say Texas weather's always changin'
G **A7** **D**
And one thing change'll bring is somethin' new
G **D**
And Houston really ain't too bad a town
A7 **D**
So you hung around with the Ft. Worth Blues
A7 **D**
SOLO

D **G** **D**
There's a full moon over Galway Bay tonight
A7 **D**
Silver light over green and blue
D **G** **D**
And every place I travel to find
A7 **D**
Some kind of a sign that you've been through
G **A7** **D**
But Amsterdam was always good for grieving
G **A7** **D**
And London never fails to leave me blue
D **G** **D**
Paris really ain't my kind of town
A7 **D**
So I walked around with the Ft. Worth Blues
