

Steve Earle - Poison Lovers

Tom: Gb

I was almost outta here nearly this time
 I saw you in my rear view mirror and I pulled up on a dime
 But nothing ventured nothing lost
 You can't say we didn't try
 That is unless you weighed the costs of every tear we cried
 Why do we do this to each other
 I guess we were always poison lovers
 If you could look me in the eyes
 And tell me what you see
 Maybe you can tell me why I let you torture me
 I know that your lips are soft and they sing the sweetest songs
 But I've been listening long enough
 My heart has turned to stone

Why do we do this to each other
 I guess we were always poison lovers
 SOLO
 And Another time another place
 Another wind to blame cover every track and trace
 I'll find you just the same
 And even if we made our peace
 And went our separate ways
 You'd go west and I'd go east
 And we'd meet here in this place
 Why do we do this to each other
 I guess we were always poison lovers
 Why do we do this to each other
 I guess we were always poison lovers
